Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Other properties that were sold at similar prices to our advertised guide in the relevant time period are not directly comparable. This is due to some of these properties being in much more updated and renovated condition, or being on much smaller land components and also different internal floor spaces as well therefore are not directly comparable.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
