Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Majority of the two bedroom apartments / units that have sold within the past six months are not comparable due to the property location, construction age and property attributes. We are unable to obtain the size for a property that is classified as comparable and therefore cannot include that property as a comparable sale in the Property Price Statement.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
