Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Within a 2km radius of the subject property, only one sale recorded over the past six months was identified as a suitable comparable. Although additional sales occurred within the specified timeframe and radius, these properties were deemed less relevant for comparative analysis due to variations in land size, property characteristics and the age and condition of their internal finishes.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
