Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Fewer than three comparable properties were sold within the relevant period due to the limited number of recent sales of properties with sufficiently similar characteristics, including location, property type, land size, condition and features. As a result, fewer than three comparable sales are available for inclusion in the Property Price Statement.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
