Reason there are fewer than three comparable properties

■ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Greater emphasis has been placed on properties positioned on main roads. Given the limited availability of directly comparable sales, fewer than three relevant sales have occurred within a 2km radius of the property over the past six months, providing limited recent market evidence. Given that 80 Thompsons Road, Bulleen and 90 Thompsons Road, Bulleen are also located on the main road and were used as comparable properties when determining the price at the time of listing, the agent believes they remain the most comparable properties, despite now being more than six months old.
