Reason there are fewer than three comparable properties

☐ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

3/110 St Helena Road Briar Hill was used to determine the ESR and was within the six-month period at the time. It is now outside six months but remains the most comparable sale, with no newer comparable sales available.

The property is situated on a significantly larger land compared to most properties in the surrounding area. Due to the limited number of properties with a similar land size, location and overall characteristics that have recently sold, there are fewer than three directly comparable properties available.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
